## We are looking for 2 students for internship and/or writing theses at Verallia Deutschland AG.

Gather international experience at a leading global manufacturer of glass packaging for the food and beverage industry. As a student, you will have the opportunity to work on projects and gain concrete insights into the processes of a globally operating company, as well as actively working on your career.

Have you already demonstrated above-average social and professional skills in job-specific internships? Then take the opportunity to make use of the extensive resources in our company for your final thesis. You will be individually supervised during the time of your bachelor's or master's thesis and receive the support you need.

### Join us at our German Headquarter in Bad Wurzach

- Flat hierarchies in a team-oriented working atmosphere and an open culture of discussion
- Sustainability orientation as a strong corporate value
- Development opportunities within our company
